## Pat Siemens Pat's Pictures

Hello. I am Pat Siemens and I operate a small Photography business known as Pat's Pictures out of our home. I was born and raised in Brandon, Manitoba but now married for over 20 years and residing near Kola, Manitoba on a farm with my husband and 2 boys.

My passion for photography started in high school. So here I am, 30 plus years later, I still have the same passion and it continues to grow. As a photographer, I have participated in courses and seminars to keep current and that will always be an ongoing process.

I have seen many changes in photography over the years with the advent of digital photography. It has become as much art as simply photographing portraits. I'm still a firm believer in quality portraits that belong on the walls, over mantels, and also in our wallets.

Pat's Pictures has evolved from wedding and family photography to now including school portraits, sports teams and individuals, graduations, passport pictures, and event photography.

A huge thank you goes out to my devoted clientele and many wonderful people that I've met and continuing to meet. They keep me passionate about my photography which makes me continue to strive to deliver quality.

## Carol Glasser Glasser's TV Service Ltd.

Glasser's TV Service moved to its Main Street location in 1978. When asked what she does in the business, Carol Glasser, who runs the family-owned business with her husband Wayne and son John as well as her granddaughter Niquitta, smiles and admits, "Everything!" She has a dynamic and challenging job; staying on top of the constant evolution in technology and communications keeps her job fresh and exciting. Glasser's has also been investing in the community's work force for decades; they employ a staff of twelve, many of them young people. Every year there's some turnover, "I like the people," she says, "just seeing the business work." Since almost everyone these days needs a cell phone or internet services, Carol also gets to meet a lot of the new people in town.

4K TV is the new evolution in TV. We have seen a progression from the cumbersome but small screen 20" tube-type TV to a very light 65" LED TV. Many families proudly own a large screen TV. Most families have many TVs in their homes. In contrast, not many years ago, more than 2 TVs in a home was unheard of.

We have also seen a change from the rotary antenna (4 or 5 TV channels) to cable TV to satellite dishes. Now some of our customers use only the internet for their TV.

Due to labour shortages we now have 3 foreign workers, which has worked out very well for us.

Carol loves to travel, is active in Toastmasters, and loves spending time with her grandchildren.

Glasser's offers televisions, cameras, computers, cell phones, car audio, and gaming. Carol and her staff look forward to seeing you soon! We are looking forward to the upcoming season of our latest Apple line up. All Apple products are available to us.

## Sandra Garrett The Witch's Brew

When I first envisioned The Witch's Brew, I didn't even have a name picked out. I only knew that Moosomin needed a place to have a good cup of coffee, and tasty home baking. My family's support in this endeavour was amazing! I truly couldn't be who I am today without them!

Since 2009 we have evolved from just coffee, baking and a lunch special, to having a fully licensed restaurant, with gluten free and vegetarian options. We also do catering for many events, and are open Tuesday evenings for supper.

Our sugar cookies, oreo cookies, biscuits, and cheesecakes are top sellers! All our baking is homemade, from recipes we have developed especially for you! Our lounge area in the back is well used by all ages for a comfy place to visit with friends, and family.

My staff and I love seeing our regular customers, and meeting all the travellers passing through town. It means a lot to us to get to visit with everyone! If you have yet to get to come for a spell, we look forward to serving you up a slice of magic we call The Brew!

## Shirley Kelly Shirley's Sewing Room

Shirley's Sewing Room has been an area institution for 28 years. Walk into her shop and see the beautiful creations decorating the walls; from traditional to modern quilting expressions, you'll be inspired to take one of the many classes offered. People are encouraged to try the latest models in Bernina sewing machines, and the Sewing Room has become a gathering place for women of every age and skill level. In fact, many women say they come as much for the socializing as they do for the opportunity to learn something new or share their knowledge.

"I inherited my love of quilting from my grandmother," says Shirley, and she considers herself a success any time she can pass that love on. "There's a space for everybody; from the very artistic to someone who just wants to sew squares together to make a quilt for their grandchild."

Come in to the store or phone for a copy of the latest newsletter which will highlight all the events we have going on in the store. Shirley is very grateful to her excellent staff, who have strong sewing skills, and most especially, a love of the craft.

Looking back on her time in business, Shirley reflects, "I just kind of jumped in without thinking about it; I started small and it's been growing steadily ever since. I don't know if I have a lot of business skills; I've just got a passion out of control!"

I started my business in 1995 and have seen many changes. All for the better. I really enjoy sewing for others. Especially the seniors. They are very appreciative of my skills and make it a very satisfying occupation. I offer in-home service to seniors.

I am very grateful to all the people who have given me the opportunity to work for them. I have altered clothing, replaced zippers, made car seat covers and blankets for babies, fixed hockey equipment and repaired tarps. So far I haven't been stumped on how to repair anything. Thank goodness for my husband. Many times I've needed his assistance on a project. Each day brings many interesting new challenges. ## Dee Brickley Detayls Hair Salon & The Beauty Parlour

I am married with 2 children and we currently reside in Kennedy, SK. My husband is a hard working farmer in the area. I was born and raised in Assiniboia, SK where I graduated from High School in 1995. I moved to Moose Jaw and received my diploma in Cosmetology in 1996. After a few years in the workforce I decided to open my first hair salon at the age of 25 after receiving my journeyman red seal certification in cosmetology. I purchased my current salon in 2011 located in Wawota, SK.

I believe education is a key factor in success. If you're not nurturing your passion with education you're not truly passionate about what you do. Learning is the key to growth which is the key to success in any business. If you're not willing to learn you're not going to be truly successful.

In October of last year I was informed of the unexpected closure of the RBC branch and was forced to make some hard decisions as they rented space in the building I owned. I decided to expand my business and to open The Beauty Parlour in June of 2017.

I currently employ 5 women plus I lease out space to the talented Nail Technician Joan Werner.

Detayls Hair Salon is a relaxing and fun atmosphere filled with talented and knowledgeable women willing to answer and service any request. We specialize in all types of hair services.

The Beauty Parlour is the only Medi spa in the area offering unique anti aging and non invasive skin and body treatments that you can't find anywhere else and we offer them at affordable prices. We house all the new age equipment big city spas have. Most of our equipment has been featured on TV shows such as The Marilyn Denis show.

I love being in business, it's challenging and rewarding all at the same time. There is always something to learn and always room to grow.

## Donna Stanhope Styles on Main

I grew up in the Rocanville area on our family farm. I love the rural and small town atmosphere. I attended Richard's Beauty College in Regina in 1989/1990. I worked for Samira's Beauty Salon, then Trudy's Hair Design and started my business in the year 2000. Thank you to all my clients past and present for your continuing support. After 27 years in the hair industry I still love pampering my clients and attending hair shows to create new looks. I look forward to serving my clientele in 2018.
